

KINESICS AND CONTEXT Essays on Body Motion Communication

These essays are based on the conviction that body motion is a learned form of communication, which is patterned within a culture and which can be broken. Ray L. Birdwhistell, in this study of human body motion (a study he terms kinesics), advances the theory that human communication needs and uses all the senses, that the information conveyed by human gestures and movements is coded and patterned differently in various cultures, and that these codes can be discovered by. Ray L. Birdwhistell, in this study of human body motion (a study he terms kinesics), advances the theory that human communication needs and uses all the senses.
