

# The Politics of Imagination

The concept of imagination to which the title of the book refers is not a strictly defined, stable concept, but rather a term which is employed to refer to a capacity that facilitates both an active, creative relationship to one's environment, and a process of mediation between the outside world and one's own. Political art, that is, is a species of art that is political in the way I am suggesting, so that even the least political of writing celebrates, in the structure through which its readers address it, the order of politics in which those readers themselves have their form, and their literary imagination embodies the. Summary. The Politics of Imagination offers a multidisciplinary perspective on the contemporary relationship between politics and the. In common parlance politics is a compact mass of selfishness, greed and intrigue. politics) from self-destruction; but the converse is also true: a political philosophy gives substance and vitality to a theory of the imagination.
